

## Life Dreamer

*We dream at every dreaming landscape simultaneously, yet we remember dreams in our own unique way.*

The dreaming landscapes –where we go in dreams– are based on time: the Dreaming Landscapes of What Is, the Dreaming Landscapes of What Was, the Dreaming Landscapes of What Could Be, and the Dreaming Landscapes of What is Eternal, but it is only one aspect that helps us build a dreaming profile; what we do in the dreaming landscapes, how open the gate to these landscapes is and how we access them are the other three main factors.

### Profile

At Earth's Core, a Life Dreamer connects with birthing energies, the energies of life that animate tangible forms, and with the conscious beings that make life energy available to all levels of our physical and non-physical existence: crystals at the Crystal Caves, whales at the Deep Oceans, dolphins at the Shallow Seas and trees at the Ethereal Forests.

We humans are life, and joy is inherent to life. While it might appear natural, most humans don't usually connect to these refined frequencies unless they are in touch with their true nature; this is the reason why this is the eighth profile out of ten.

### Landscapes

Because of the relationship of the Devic beings to life, a Life Dreamer may also feel drawn to the Devic Reserves. At some point in our evolution, we all were Devic beings, intimately connected to life, but for some Life Dreamers, dreaming in the Devic Reserves means that they continued to incarnate as Devic beings after the standardization of the human form.

Although the resonance of Devic beings is less luminous, more grayish –reflects a lower consciousness, and these dreams might cause some severe draining of our energy, they would speak of life and joy, too.

We can remember swimming with dolphins or whales or speaking with trees, but the Life Dreamer's dreams are about the energy of life.

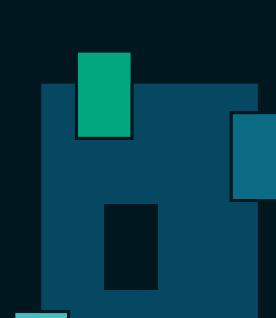

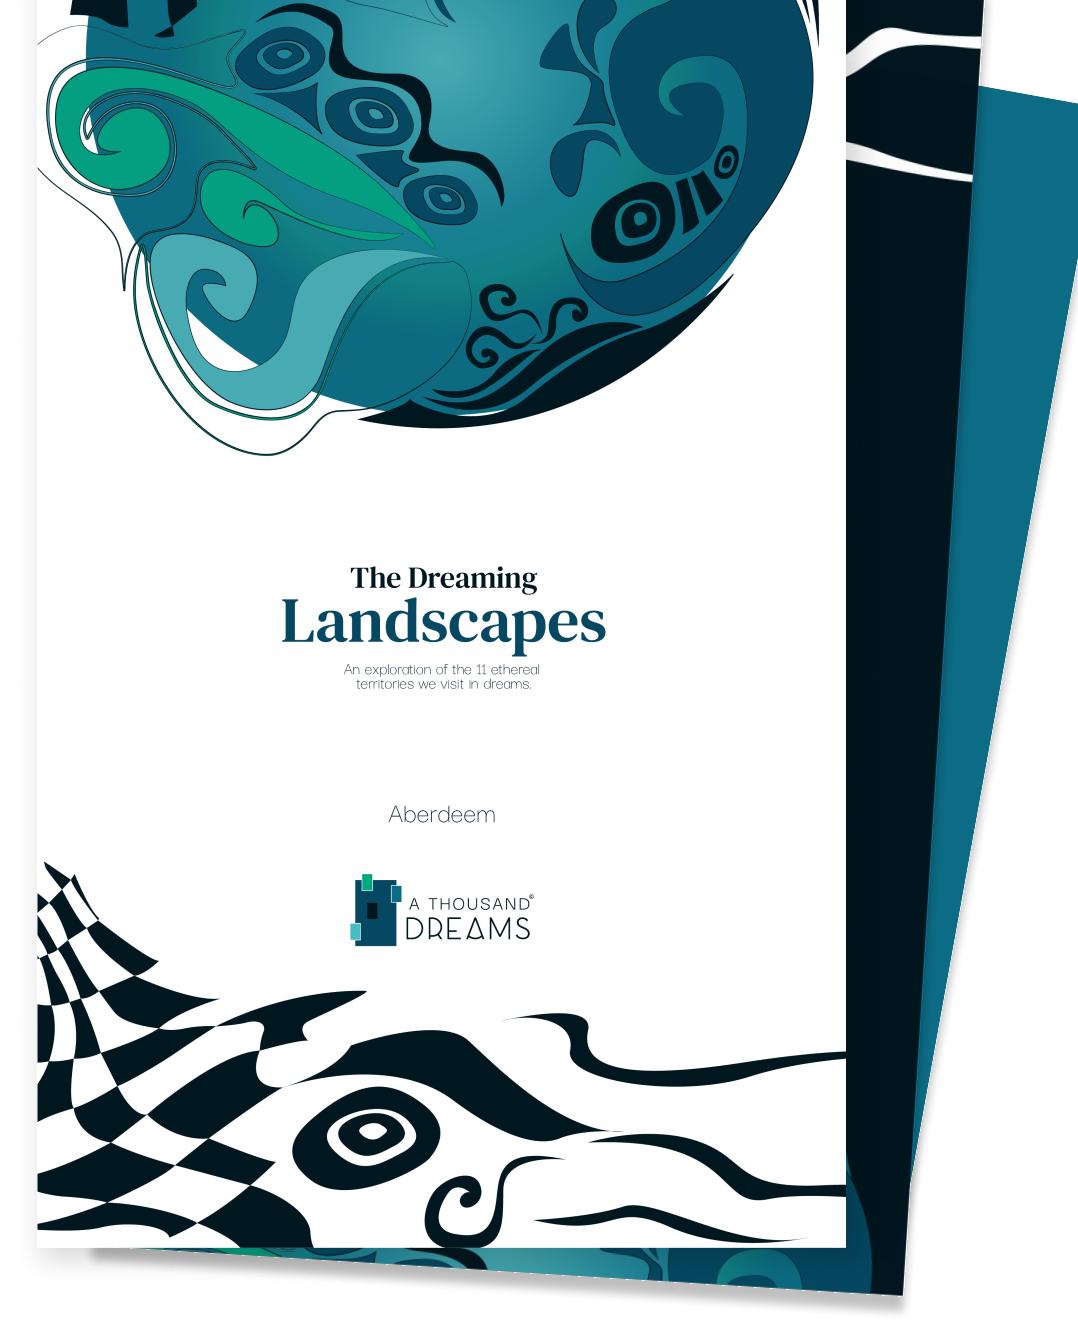

### Tips

Listen to I Am Joy from the Crimson Circle; Adamus Saint Germain states that joy is the natural state of any living thing and comes from deep within. No, we don't get commissions on it, but if it helps, let us know.

### If you want to know more,

you can explore [The Dreaming Landscapes](#), the lands where dreams occur, or you can review [The Dreaming Profiles](#), where you will find the ten dreaming archetypes. Alternatively, you can get a comprehensive approach to dreaming in [The Essential Dreaming Workshop](#); there, you will be able to understand how the different cultures approached dreams in this era, you will see how movies have portrayed the dreaming landscapes, and yes, you will also have the possibility to open the gate of the dreaming landscapes and strengthen your connection to dreams.

And let us add that focusing on dreams-related information will help you expand your capacity to remember. Look out for [Aberdeem](#) on Medium; she writes about dreams in depth. And remember to always document them; A Thousand Dreams will help you make the most of them.
